BUNZL PROCESSOR DIVISION

YOUR PREMIER PARTNER FOR FOOD PROCESSING AND EQUIPMENT

Bunzl Processor Division is a leading supplier of the food processing industry. The acquisition of Koch Supplies, Packers Engineering and Equipment and Enterprise allowed us to combine and expand our product offerings, warehousing, distribution expertise and buying power – giving our customers a high level of quality and service. We provide an unparalleled ability to service national platforms; as well as multi-plant, single-plant, small shops and game processors.

A Renowned History

Koch Supplies is one of the oldest businesses in Kansas City, establishing its roots as Koch Butcher Supply Company over 140 years ago. In fact, the grandchildren of people who did business with Koch Supplies during the World War II era are now running many of their family's businesses and are some of our best customers. Many of the associates at Bunzl Processor Division/Koch Supplies have tenure of over 20 years, with their relatives and children working alongside them.

In 2001, Koch Supplies became a proud part of Bunzl Processor Division – a leader in the food processing and food packaging industries. Bunzl Processor Division offers more than 35,000 different supply items and 14 distribution centers serving Central and North America, including the Caribbean and Mexico. But even though we have grown in size and scope, we continue the tradition of outstanding customer service that our customers have come to expect of us over the years, while ever expanding our product lines to fit our customers' needs.

Why Buy From Bunzl Processor Division?

- Dedicated exclusively to food processors
- 14 distribution centers
- Award-winning service
- Inside and outside sales and support
- Over 140 years in the industry
- Free UPS ground shipping on orders over \$500
- Small orders – no problem
- Large orders – big savings

PUROFORT®

FoodPro Steel Toe Boots

35% lighter than traditional rubber and PVC boots!

- Resistant to mineral, animal and vegetable oil, fats, blood, disinfectants and various chemicals.
- Complies with CSA Z195-14 Omega, ASTM F2413-18 M/IC EH.
- Highest slip resistant sole of any boot. Certified slip resistance (EN ISO 20345:2011 S4 CI SRC).
- Steel toe cap for added safety.
- Remains flexible at low temperatures.
- Shock-absorbing heel.
- Sole designed for specific food processing areas.
- Several colors to reduce cross-contamination.
- 14-inch upper.
- Thermal insulation keeps feet warm in temperatures as low as -4 °F and comfortable in hot conditions.

PUROFORT® is the unique Dunlop® material with millions of evenly distributed air pockets making it light-weight and thermally insulating plus a cross-linked structure that provides flexibility and strength. The material is created using a special recipe at the time of manufacture, giving your Purofort® boots a "born on" date. This gives Purofort® boots their remarkable properties.

Multi-grip Safety Sole: SRC rated for best slip resistance.

Seamed anti-bacterial lining.

Scan this QR code with your mobile device to watch a video about Purofort® Boots.

Unique feature allows boots to be locked together. (Separate lock required.)

Guaranteed Sterile

Whirl-Pak® bags are not autoclavable. Whirl-Pak® bags are sterilized with ethylene oxide gas. Documentation of sterility is available upon request.

"Puncture Proof Tabs"

All Whirl-Pak® bags feature "Puncture Proof Tabs." This patented process extends the tape on the tab past the wire ends eliminating the sharp points which could puncture the bags, scratch a person's hand or puncture gloves.

FDA Compliant

Resins used in the extrusion of film for Whirl-Pak® bags are FDA approved for food contact. Bags are manufactured in accordance with the requirements for manufacturers of single service containers for milk and milk products, as specified by the FDA.
